We are pleased to invite you to the 22nd International Workshop on Neonatology and Pediatrics to be held in Cagliari, Italy.

This follows the success of the previous 21 editions, 19 in person and 2 online, which saw the overall presence of about 13,000 participants in presence and 700 online. This 22nd Workshop is an important milestone and is recognized by several international and scientific societies. Some of the world's most renowned specialists from more than 60 different countries have been present in Cagliari in these years. The Workshops have received the High Patronage of the President of the Italian Republic (6 years) and UNICEF (4 years). Due to the organization of this meeting, Prof. Fanos has been awarded in 2021 as "Italian Knowledge Leader" by the National Institute of Tourism, Convention Bureau Italy under the Patronage of Ministry of Tourism. Moreover he has been awarded in Thessaloniki in 2026 for the Leadership and Impact in the Mediterranean Area by International Congress and Convention Association (ICCA). The Workshops have created a network of scientific and human relations that have changed, improved, and enriched. See the history of our Workshop:

<https://jpnim.com/index.php/jpnim/article/view/e100224/815>

In 2019, the meeting was followed by the 40th Congress of the Union of Middle Eastern and Mediterranean Pediatric Societies (UMEMPS), founded more than 60 years ago. In 2020 and 2021, the meeting was virtual due to the pandemic. The title of this year's workshop, "Precision Neonatology and Pediatrics", underscores the trajectory that necessarily assistance, research and teaching are present today and will follow in the coming years. The Workshop offers a view into the present for perinatology and pediatrics through debates and shared experiences from around the world.

This year the proceedings of the Workshop will be published in the "Journal of Pediatric and Neonatal Individualized Medicine" (JPNIM), which is indexed in Scopus and Web of Science, official Journal UMEMPS (Union Middle Eastern and Mediterranean Pediatric Societies) and other 9 important national societies of Italy, Greece, Portugal and Romania. At the end of 2023 JPNIM was awarded a "Journal of High Cultural Value" prize by the Italian Ministry of Culture: the reasons of success are presented in a specific paper of the Journal (J Pediatr Neonat Individual Med. 2024;13(1):e130104. doi: 10.7363/130104). In past years the journals were "Medical and Surgical Pediatrics", "Journal of Chemotherapy", "Journal of Maternal Fetal Neonatal Medicine", "Clinica Chimica Acta" and JPNIM.

Over the years, the Workshop has made its impression on science and has promoted a lively discussion in an always serene and extremely constructive atmosphere. More than 1000 speakers (330 Top International Scientists coming from more than 60 countries). Abstracts were sent by more than 50 countries). In 2024 it was published. The volume "A small history of the future. 20 International Workshops on Neonatology and Pediatrics in Cagliari"

This year's meeting is held in person and will have the participation of several Presidents of International and National Societies. The main topics that will be discussed cover cutting-edge topics such as neonatology, nutrition, epigenetics, ethics, obesity (first marathon), metabolomics (second marathon), environment (third marathon), rare diseases, nutraceuticals and many other topics. The meeting is dedicated to neonatologists, pediatricians, obstetricians, perinatologists, psychologists, pathologists, laboratory researchers and all those who work with newborns and children (hospital pediatricians, family pediatricians, nutritionists, pharmacists, obstetricians, midwives, nurses...).

We look forward to welcoming you to this traditional appointment to discuss topics of the present and keep us up to date on the latest results, both in clinical practice and research in neonatology and pediatrics.

11.00 a.m. MARATHON CONNECTOMICS:

Residents play a vital role in our clinics and workplaces. Specialty training is not a one-way street: while we, as established professionals, offer them expertise, experience, and learning opportunities, it is precisely these young physicians who bring new ideas, questions, and perspectives that help us critically reflect on our work.

In this context, training experiences abroad outside our network represent significant added value. Engaging with different organizational, clinical, and cultural contexts allows residents to broaden their skills and develop a broader perspective on pediatrics. Numerous studies have shown that international training experiences during residency foster the development of unique skills, adaptability, and intercultural sensitivity, with positive repercussions even in their home settings.

1st European-U.S.A. Meeting

Meeting on the
European Project BETTER4U on obesity
The Netherlands, Italy

OBESITY MARATHON

Presidents: Dorret Boomsma (Amsterdam, The Netherlands), Vassilios Fanos (Cagliari), Marie Leiner (El Paso, Texas, U.S.A.)

Scientific Secretariat and Dissemination: Matteo Mauri (Cagliari, Italy)

Obesity. How big is the problem?

Worldwide: About 1 in 5 children or adolescents (20%) is overweight or obese.

Obesity affects about 38 million children under 5 and about 340 million children and adolescents aged 5–19 (UNICEF / WHO / World Bank Joint Child Malnutrition Estimates (JME), 2022–2024).

In Italy, approximately 100,000 children are at risk of severe obesity. This marathon on obesity features leading experts in the field in a multidisciplinary and constructive atmosphere, including a presentation of data from the European BETTER4U Project.

14.30 Chairpersons: Dorret Boomsma (Amsterdam, The Netherlands), Marie Leiner (El Paso, Texas, U.S.A.)

Moderators: Angelica Dessì (Cagliari, Italy), Anna Maria Fulghesu (Cagliari), Michele Mussap (Venice, Italy)

14.40 When risk begins early: omics, obesity, and aging along the US/Mexico border

Kari North (Houston, Texas, U.S.A.)

Marie Leiner, Kevin Pannerselvam (El Paso-Texas, U.S.A)

19.00 Final discussion, end of the meeting and CME procedures

19.20 OPENING CEREMONY

Introduction: Vassilios Fanos

Greetings of the Authorities

08.30 REGISTRAZIONI

08.45 SALUTI ISTITUZIONALI

09.00 I SESSIONE: LETTURE MAGISTRALI

Presidente: Claudio Fabris (Torino)

Moderatori: Luigi Mascia (Cagliari), Domenico Minasi (Reggio Calabria)

09.10 Miti e geni

Elisabetta Dimauro e Liborio Stuppia (Chieti-Pescara)

09.50 La nascita in Italia: dalla storia al futuro

Luigi Orfeo (Roma)

10.10 Cambiamento climatico: quali effetti sulla salute perinatale?

Fabio Mosca (Milano)

10.30 Immunità e allergia: una sottile linea di confine

Gianluigi Marseglia (Pavia)

10.50 Le nuove terapie di precisione in reumatologia pediatrica

Angelo Ravelli (Genova)

11.10 II SESSIONE: IL NEONATO AL CENTRO: L'ESPERIENZA DI CAGLIARI

Presidente: Viviana Marinelli (Cagliari)

Moderatori: Alessandra Atzei (Cagliari), Antonio Cualbu (Nuoro), Alberto Lai (Cagliari)

Discussant: Giulia Concas (Cagliari), Michele Loi (Cagliari)

11.20 Genetica dello stroke neonatale

Dario Pruna (Cagliari)

11.40 Cardiopatie congenite e sindromi

Paola Neroni (Cagliari)

12.00 Approccio alle malattie metaboliche neonatali

Marta Balzarini (Cagliari)

12.20 Update sulla gestione del dolore nel neonato

Cristina Loddo (Cagliari)

12.40 Discussione

13.00 LUNCH

14.30 Presentazione libro (NO ECM)

XXX anni di Convegni Neonatologici, Pediatrici ed Infermieristici Normanni
di Salvatore Vendemmia (Aversa)

14.50 III SESSIONE: HOT TOPICS

Presidente: Gianfranco Temporin (Rovigo)

Moderatori: Elisabetta Coni (Cagliari), Roberto Minelli (Cagliari)

Discussant: Sara Maninchedda (Cagliari)

15.00 Il microbiota dalla nascita allo svezzamento

Mariella Baldassarre (Bari), Nicola Laforgia (Bari)

15.20 Importanza dello zinco in neonatologia

Luca Maggio (Roma)

15.40 Insulino-resistenza: stiamo perdendo una generazione

Oscar M Aguilar (El Paso, Texas, U.S.A.)

16.00 Il Pediatra di famiglia e il neurosviluppo

Osama Al Jamal (Cagliari)

16.20 Neurosviluppo e neurodegenerazione

Michele Mussap (Venezia)

16.40 Discussione

LIFE18 ENV/IT/000460 - Life MILCH
Mother and Infant dyads: Lowering the impact of
endocrine disrupting Chemicals in milk for a Healthy Life

17.00 IV SESSIONE: MARATONA ONE HEALTH, BAMBINO E AMBIENTE

Presidente: Salvatore Vendemmia (Aversa)

Moderatori: Alessandra Reali (Cagliari), Manuel Scarano (Cagliari)

17.05 L'approccio One Health del Pediatra

Giorgio Bracaglia (Viterbo)

17.25 Alimentazione e interferenti endocrini: dal grembo materno all'adolescenza

Maria Elisabeth Street (Parma)

17.45 Il progetto AMBO (Alleanza Bambino e Ambiente)

Sergio Bernasconi (Parma)

18.05 Il ruolo della Medicina Ambientale

Prisco Piscitelli (Yale, Bruxelles e Lecce)

18.25 Una dieta sana per un bambino sano

Alice Bosco (Cagliari)

18.45 Il ruolo della Comunicazione

Angelica Dessì (Cagliari)

19.05 Discussione finale, conclusione lavori e procedure ECM

Razionale scientifico

Dove va la pediatria di famiglia? Nel corso degli ultimi mesi abbiamo assistito ad alcuni tentativi di cambiare il codice genetico della pediatria di famiglia, presidio prezioso ed insostituibile del nostro sistema sanitario.

Il convegno è aperto da una Lettura Magistrale del Presidente rieletto Dr. Antonio D'Avino, seguita da una sessione intitolata "Sulla cresta dell'onda" in cui si alternano eccellenti relatori (pediatri di famiglia, ospedalieri ed universitari) su temi di grande interesse per il pediatra di famiglia. La seconda parte della giornata è tutta dedicata ad una maratona sulla metabolomica, dove vengono affrontati temi cruciali della pediatria analizzati alla luce di questo potente strumento diagnostico. Oggi la metabolomica può essere prescritta nell'ambulatorio del pediatra di famiglia e anzi cambia il modo di fare il pediatra di famiglia.

Convegno "La Pediatria di Famiglia tra presente e futuro"

Presidenti: Vassilios Fanos (Cagliari), Osama Al Jamal (Cagliari)

08.45 REGISTRAZIONI

09.00 Saluti Istituzionali

09.10 I SESSIONE

Presidente: Osama Al Jamal (Cagliari)

Moderatori: Elena Curridori (Cagliari), Valentina Masile (Cagliari)

Lettura magistrale

09.10 La Pediatria di Famiglia tra presente e futuro

Antonio D'Avino (Napoli)

09.40 II SESSIONE SULLA CRESTA DELL'ONDA

Presidenti: Gabriele Finco (Cagliari), Antonio Macciò (Cagliari)

Moderatori: Danila Manus (Cagliari), Francesca Birocchi (Cagliari),
Massimiliano Zonza (Cagliari)

09.50 Riflessioni di una vita da Pediatra in un mondo che cambia

Nicola Roberto Caputo (Palazzolo sull'Oglio)

10.10 Update sulla prevenzione dell'infezione da VRS

Francesco Nieddu (Firenze)

10.30 Novità in tema di nutrizione del bambino

Raffaella De Franchis (Napoli)

10.50 Esperienze Real Life: il polimetilsilossano poliidratato nel trattamento della diarrea acuta infantile

Antonello Arrighi (San Giovanni Valdarno)

11.10 Novità in tema di enuresi

Rita Caruso (Monza)

11.30 Screening del diabete: a che punto siamo?

Carlo Ripoli (Cagliari)

11.50 Alimentazione complementare nel neonato pretermine

Cecilia Argentina (Rimini)

12.10 Discussione

12.30 Oltre la cartella clinica: digitale e Intelligenza Artificiale al servizio del pediatra (NO ECM)

Biagio Stoia (Molfetta)

12.40 Presentazione libro (NO ECM)

Metabolomica Clinica. Guida pratica all'interpretazione del referto metabolomico

di Vassilios Fanos (Cagliari) e Carla Marzetti (Bologna)

13.00 LUNCH

14.10 Highlights dalla Giornata Mondiale Sindromi Pans Pandas

Stefania Lessio (Milano)

14.30 MARATONA SULLA METABOLOMICA

LA METABOLOMICA NELL'AMBULATORIO DEL PEDIATRA DI FAMIGLIA: OGGI SI PUÒ

Presidenti: Stefano Angioni (Cagliari), Luigi Atzori (Cagliari), Michele Mussap (Venezia)

Moderatori: Marianna Ligas (Cagliari), Mario Moi (Cagliari)

14.40 Come la metabolomica ha cambiato il mio modo di fare il Pediatra

Gianfranco Trapani (Sanremo)

15.00 Metabolomica e probiotici

Flaminia Cesare Marincola (Cagliari)

15.20 Metabolomica e autismo

Angelica Dessì (Cagliari)

15.40 Metabolomica e nutrizione

Simona Alessandri (Roma)

16.00 Metabolomica e obesità

Cristina Piras (Cagliari)

16.20 Metabolomica e problemi odontoiatrici

Antonio Noto (Cagliari)

16.40 Sportomica: la scienza della metabolomica al servizio dello sport

Vassilios Fanos (Cagliari)

17.00 Metabolomica e microbiomica: le interconnessioni (NO ECM)

Carla Marzetti (Bologna)

17.20 Il cibo parla al microbiota (NO ECM)

Paolo Mainardi (Genova)

17.40 CardioTwin: a patient-specific cardiovascular digital twin for the prediction and prevention of anthracycline-induced cardiotoxicity (NO ECM)

Antonio Colangelo (Trento), Karolina Kopeć (Trento)

Discussione

Discussant: Federico Cannas (Cagliari), Roberta Pintus (Cagliari),
Natalia Zuddas (Cagliari)

18.00 SARANNO FAMOSE E FAMOSI

Protagonisti: gli Specializzandi di Pediatria della Scuola di Cagliari

I 4 giorni del Congresso partono con gli Specializzandi e finiscono con gli Specializzandi. Per loro è stato inizialmente pensato il Convegno. Loro sono protagonisti di un emozionante e partecipato fotofinish.

Presidenti: Giangiorgio Crisponi (Cagliari), Umberto Pelosi (Cagliari)

Moderatori: Alessandro Canetto (Cagliari), Gabriella Cherchi (Cagliari), Stefania Corda (Cagliari), Angelica Dessì (Cagliari), Giuseppe Masnata (Cagliari), Vassilios Fanos (Cagliari), Silvia Petza (Cagliari)

Selezionatori Dario Pruna (Cagliari), Salvatore Savasta (Cagliari), Gabriella Cherchi (Cagliari)

Un inatteso cluster di ascessi renali pediatrici: aumento dell'incidenza o miglioramento della rilevazione? Un'esperienza di tre anni in un singolo centro.

Paola Beretta

19.00 Discussione finale, conclusione lavori e procedure ECM

22nd

**International Workshop on
Neonatology and Pediatrics
and Satellite Meetings
Precision Neonatology and
Pediatrics**

ABSTRACTS

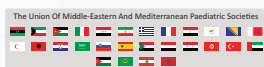

All the abstracts of the lectures will be published in the
Journal of Pediatric and Neonatal Individualized Medicine (JPNIM)
 awarded a “Journal of high cultural value” prize by the Italian Ministry of Culture
<https://jpnim.com/index.php/jpnim/article/view/080223/648>

The abstracts must be sent within 5 September 2026 to the following addresses:
vafanos@jpnim.com - luisaserra@kassiopeanews.com

JPNIM is a peer-reviewed interdisciplinary journal which provides a forum on new perspectives in pediatric and neonatal medicine. The aim is to discuss and to bring readers up to date on the latest in research and clinical pediatrics and neonatology. Special emphasis is on developmental origin of health and disease or perinatal programming and on the so-called ‘-omic’ sciences. Systems medicine blazes a revolutionary trail from reductionist to holistic medicine, from descriptive medicine to predictive medicine, from an epidemiological perspective to a personalized approach. The journal will be relevant to clinicians and researchers concerned with personalized care for the newborn and child. Also medical humanities will be considered in a tailored way.

The Journal of Pediatric and Neonatal Individualized Medicine (JPNIM) is the **Official Journal** of **UMEMPS** (Union of Middle-Eastern and Mediterranean Pediatric Societies), the Portuguese Neonatal Society (Sociedade Portuguesa de Neonatologia, affiliated to the Portuguese Paediatric Society), the Hellenic Neonatal Society, the Hellenic Society of Perinatal Medicine, the Italian-Romanian Pediatric Society (IRPS), SIN INF (Italian Neonatal Nursing Society, Società Italiana di Neonatologia Infermieristica), S.I.P.Ped. (Italian Society of Pediatric Psychology, Società Italiana di Psicologia Pediatrica), SIPO (Italian Society of Hospital Pediatrics, Società Italiana Pediatria Ospedaliera), SIMPE (Italian Society of Pediatric Physicians, Società Italiana Medici Pediatri) and AMBO (Alleanza per un ambiente a misura di bambino).

INSTRUCTIONS FOR THE PREPARATION OF THE ABSTRACT OF THE LECTURES AND FOR POSTER PRESENTATION

Authors must send an abstract up to 3000 characters, including spaces, excluding names, title and affiliations. No tables and figures are allowed. A **maximum of 3 references** can be quoted in the text, in square brackets. All the papers will be checked for plagiarism. An example of how the abstract must be sent is available below:

CONGENITAL HEART DISEASE: WHAT PAEDIATRICIANS SHOULD KNOW

P.P. Bassareo, A. Ashley

Mater Misericordiae University Hospital and Our Lady's Children's Hospital Crumlin, University College of Dublin, Dublin, Ireland

Congenital heart disease (CHD) is present in about 8/1,000 live-born children [1]... TEXT

ORAL COMMUNICATIONS AND POSTERS

All the abstracts are available in English free of charge in the Journal of Pediatric and Neonatal Individualized Medicine (JPNIM - Open Access and peer reviewed - www.jpnm.com), In: Selected Abstracts of the 22nd International Workshop on Neonatology and Pediatrics; October 21-24, 2026. J Pediatr Neonat Individual Med. 2026

We selected Abstracts sent by Researchers of 13 countries. Albania, Belgium, France, Greece, Ireland, Italy, Japan, North Macedonia, Romania, The Netherlands, Turkey, United Kingdom, U.S.A.

ABS 1 ORAL COMMUNICATION (MISCELLANEA)

From engagement to impact: evaluating the design studios for health model for digital health innovation

M. Khatib (Phoenix, Arizona, U.S.A.)

ABS 2 ORAL COMMUNICATION (MISCELLANEA)

Asymptomatic toxigenic *Clostridioides difficile* colonization as a potential marker of gut dysbiosis and fecal calprotectin in RSV bronchiolitis: clinical evidence from the gut-lung axis

S.M. Carnazzo, A. Vitello, M. Maida, A.D. Praticò (Enna, Italy)

ABS 3 ORAL COMMUNICATION (MISCELLANEA)

Lactoferrin benefits: new insights in newborn and infant health

A.Hristova (Kumanovo, North Macedonia)

ABS 4 ORAL COMMUNICATION (MISCELLANEA)

Artificial intelligence-driven models for the diagnosis and management of rare diseases

A. Faa, M. Lastretti, Y. Gibo, M. Balzarini, G. Orrù, S. Savasta, M. Fraschini (Cagliari and Rome, Italy, Matsumoto, Japan)

ABS 5 ORAL COMMUNICATION (MISCELLANEA)

Beyond Bell's palsy: Lyme neuroborreliosis presenting as facial palsy in a child

P. Beretta, E. Ricci, M. Mariani, C. Saffioti, M. Toto, M. Santaniello, A. Mesini, B. Monti, V. Pontillo, E. De Chiara, F. Migliavacca, B. Ceriana, E. Castagnola (Cagliari, Genoa, Monza, Naples, Italy)

ABS 6 ORAL COMMUNICATION (MISCELLANEA)

“Don’t Forget Your Inhaler!” – Improving Inhaler Technique Assessment in a Paediatric Respiratory Clinic Using SMS Reminders

B. Tahir, R. Varma (Great Yarmouth, United Kingdom)

ABS 7 ORAL COMMUNICATION (MISCELLANEA)

Neonatal hypotonia in the genomic era

AM. Comisi, S. Nasikas, FF. Comisi (Catania, Cagliari, Italy and Athens, Greece)

ABS 8 ORAL COMMUNICATION (MISCELLANEA)

Maternal Periodontitis and Adverse Pregnancy Outcomes: From Oral Inflammation to Fetal and Neonatal Health

S. Nadarajah (El Paso, Texas, U.S.A)

ABS 9 POSTER

Atypical presentation of acute lymphoblastic leukemia in a 15-year-old boy: a diagnostic odyssey

F. Marino, A. Traballoni, F. Sansone, S. Bellonzi, C. Lorenzetto, F. Rigon, E. Fiumana, L. Saggioro, E. Madeddu, A. Montina, M. Benato, M. Matarazzo, S. Rugolotto (Rovigo and Padua, Italy)

ABS 10 POSTER

Early detection of celiac disease in pediatric patients: the role of the pediatric dentist

M. Pinna, G. Orrù, C. Casu (Cagliari, Italy)

RINGRAZIAMENTI

Il Comitato Organizzatore ringrazia vivamente per il supporto le Aziende e le Associazioni che partecipano al Workshop.

Ogni giornata è stata accreditata separatamente pertanto, per ciascun giorno verrà rilevata la presenza nelle sale sia in entrata sia in uscita e i crediti verranno certificati solo se il tempo di presenza risulterà essere effettivamente quello previsto dalla vigente normativa ECM e se verrà compilata la scheda di valutazione evento. La certificazione attestante l'acquisizione dei crediti ECM potrà essere rilasciata dal provider ai richiedenti aventi diritto, dopo il completamento delle procedure di verifica che si concluderanno nel rispetto delle tempistiche previste dalla normativa (entro 90 gg dalla data dell'evento).

Il Provider ECM è la Kassiopea srl, riconosciuto dall'AGENAS con il numero 305
